General Information (Special conditions may apply)

- From the date received by Fairfax Utility Dept. of this Application Permit completion to project submittal to Zoning must not exceed 120 days.
- Preliminary approval of the requested allocation remains valid for two (2) years from the date of approval by the board.

- If a change in the original project creates the need for an increase in the allocation requested, the Applicant must reapply and the revised project will be considered a new project. The application fee will be required again.
- The board may revoke this permit for failure of the Applicant to fulfill the requirements of the Preliminary Sewer Allocation/Permit approval.
- Any changes to application project may make the approval void.
- This application if approved, stays with the property, even if the property is sold. Expiration dates still apply.
- If any work is done within the Town's Right of Way, the ground must be restored to the Town's then applicable standard. (Including, sidewalks, ground compacting, pavement or seeded area) This must also include One Year Warranty. Applicant must obtain a Temporary Access Permit and be approved prior to doing any work.
- A Sewer Ordinance is available upon request or on the Town Website.
- It is the responsibility of the applicant to know the regulations of the Sewer Ordinance.
- Submit application fee with this application. Make check payable to: Fairfax Utility Dept.
